AS SUMMER APPROACHES, MANY PEOPLE ARE HEADING OUT TO PARKS AND BEACHES TO ENJOY THE WARM WEATHER. BUT TOO MUCH EXPOSURE TO THE SUN'S ULTRA-VIOLET RAYS CAN CAUSE SKIN DAMAGE -WRINKLES, BROWN SPOTS, AND EVEN SKIN CANCER. SO, IN A TIMELY REVIEW, DOCTORS LOOKED AT ALL THE MEDICAL EVIDENCE ON THE BEST WAYS TO REDUCE THE RISK OF DAMAGE FROM UV RAYS. THEY FIND THAT WEARING PROTECTIVE CLOTHING GIVES BETTER PROTECTION THAN SUN SCREENS. TIGHTLY-WOVEN AND HEAVY FABRICS LIKE DENIM OR WOOL WORK THE BEST, BUT THESE CAN BE HOT FOR SUMMER ATTIRE. LINEN AND COTTON DO OFFER SOME PROTECTION TOO, AND RESEARCHERS RECOMMEND WASHING AND DRYING THEM FIRST IN THE DRYER TO TIGHTEN THE FABRIC. AND DON'T FORGET A HAT - HAIR IS NOT ENOUGH TO GUARD AGAINST SUN DAMAGE ON THE SCALP. OTHER GOOD STRATEGIES INCLUDE SPENDING MORE TIME IN THE SHADE, NOT GOING OUTDOORS DURING MIDDAY WHEN THE SUN IS STRONGEST, AND OF COURSE, ALWAYS WEARING A SUNSCREEN LOTION.

PURA "I'M LOOKING TO SMOOTH OUT THESE FINE LINES AND TO JUST GET MY SKIN LOOKING MORE FRESH LYNN PURA (PURE-AH) IS TRYING A NEW PROCEDURE SHE HOPES WILL GIVE HER A YOUNGER LOOK. DR. DANIEL MCGRATH PIONEERED A NEWLY PATENTED TREATMENT HE CALLS THE PALLONE PROCEDURE... IT'S A COMBINATION OF "THREE" RESURFACING TREATMENTS, APPLIED ONE AFTER ANOTHER. "SO WE'VE BASICALLY TAKE ALL THE THINGS THAT HAVE BEEN USED COMMONLY AND WE 'VE PUT THEM TOGETHER IN AN EFFECTIVE FASION." "ARE YOU ALL RIGHT? LYNN: "FINE." FIRST, HE USES A LIGHT MICRODERMABRASION PEEL TO REMOVE THE TOP LAYER OF SKIN. AFTER GIVING LYNN'S ENTIRE FACE THE LIGHT PEEL, HE WIPES IT CLEAN. "HERE WE GO...ZAP, ZAP NO PROBLEM? ALL RIGHT." NEXT, DR. MCGRATH USES AN IRBIUM LASER. ROW BY ROW, THE LASER'S HEAT RESURFACES THE SKIN, REMOVING BLEMISHES AND DISCOLORATIONS. THE IRBIUM LASER ALSO HELPS TIGHTEN THE SKIN...TRIGGERING THE REBUILDING OF COLLAGEN UNDER THE SKIN SURFACE. BUT THE KEY TO THE PALLONE PROCEDURE IS THIS "TRANSDERM" DEVICE. IT'S FILLED WITH HYALURONIC GEL AND USES ION-TOPH-O-RESIS

BASICALLY ELECTRIC CURRENTS - TO PUSH THE GEL THROUGH THE NOW-POROUS TOP LAYERS OF SKIN. HYALURONIC ACID IS NOT NEW...DOCTORS HAVE BEEN INJECTING IT AS A FILLER FOR SEVERAL YEARS AND IT'S THE MAIN INGREDIENT IN RESTYLANE AND SEVERAL OTHER DERMAL FILLERS. 'NOW IT'S REALLY STARTING TO PENETRATE." DR. MCGRATH CLAIMS THE TRANSDERM DEVICE MAKES THE DIFFERENCE - USING NEGATIVE AND POSITIVE ELECTRICAL PULSES TO FORCE THE HYALURONIC GEL INTO DEEPER TISSUES. AND - IT'S DONE WITHOUT ANY NEEDLES. "WITH THE TRANSDERMAL APPLICATION, THERE'S NO SIDE-EFFECTS, THERE'S LITERALLY NO DOWNTIME AND THERE'S NO CONCERN OR FEAR OF THE NEEDLE WITH THE INJECTION." HERE'S A SET OF BEFORE AND AFTER PHOTOS PUBLISHED IN A RECENT PILOT STUDY. ADDITIONAL SETS OF OTHER PATIENTS ALSO SHOW THE EFFECTS OF THE PALLONE PROCEDURE. FORTY-FIVE YEAR OLD VIVIAN CURRINGTON SAYS IT GREATLY IMPROVED HER SUN- DAMAGED SKIN. "AFTER THE PROCEDURE I FEEL A LOT YOUNGER - MAYBE 5 OR 6 YEARS YOUNGER BECAUSE WHEN YOU LOOK IN THE MIRROR, YOU DON'T SEE THOSE DEEP LINES AND YOUR MAKE-UP APPLIES SO MUCH BETTER AND YOU FEEL GOOD ABOUT YOURSELF." "OKAY LET'S SIT YOU UP." WHEN LYNN'S TREATMENT IS FINISHED, HER SKIN APPEARS A BIT RED AND RAW. BUT WITHIN A COUPLE OF DAYS, SHE SHOULD HEAL WITH YOUNGER LOOKING SKIN.... A FEW MONTHS AGO SHE HAD TO MOVE INTO ASSISTED LIVING. NOW LEETA IS PART OF A UCSF CLINICAL TRIAL ON A NEW ALZHEIMER'S TREATMENT. "I THINK THE REALLY EXCITING THING ABOUT THIS TREATMENT IS THAT IT REALLY TARGETS THE TOXIN, THE THING THAT DAMAGES YOUR BRAIN IN ALZHEIMER'S DISEASE. " OFTEN ALZHEIMER'S PATIENTS' BRAINS CAN SHOW A RAPID BUILDUP OF TOXIC SUBSTANCES CALLED AMYLOID PROTEINS WHICH DAMAGE THE BRAIN AND INTERFERE WITH NEUROLOGICAL CONNECTIONS. "THE ONE WAY TO MEASURE THE SHRINKAGE IS TO MEASURE THE BRAIN SCAN OVERTIME ." AS THIS BRAIN SCAN SHOWS, ULTIMATELY, THE PATIENT'S BRAIN BEGINS TO SHRINK AND THE SPACES BETWEEN THE BRAIN FOLDS INCREASE. LUNG CANCER IS THE DEADLIEST CANCER IN THE UNITED STATES - THE NUMBER ONE CANCER KILLER FOR BOTH MEN AND WOMEN. THE OVERALL BEST METHOD TO AVOID LUNG CANCER IS NOT TO SMOKE, BUT NEW RESEARCH SUGGESTS THERE MAY BE AN ADDITIONAL WAY TO REDUCE THE RISK. DOCTORS STUDIED MORE THAN 480,000 PATIENTS IN 8 STATES - SOME OF WHOM HAD LUNG CANCER. THEY FOUND THAT PEOPLE TAKING A TYPE OF CHOLESTEROL-LOWERING DRUG CALLED A STATIN HAD A REDUCED RISK OF LUNG CANCER. ONLY PEOPLE WHO TOOK THE STATIN FOR 6 MONTHS OR LONGER HAD A LOWER RISK, BUT THE BENEFIT APPEARED TO BE LARGE - MORE THAN A 50 PER CENT REDUCED CHANCE OF LUNG CANCER. THE ADVANTAGE OF STATIN USE WAS MUCH THE SAME NO MATTER HOW OLD PEOPLE WERE , HOW MUCH THEY WEIGHED, OR WHETHER THEY SMOKED. THE FINDINGS LOOK PROMISING, BUT MORE RESEARCH IS NEEDED. MOST OF THE PEOPLE IN THIS STUDY WERE MEN, SO THE BENEFITS IN WOMEN ARE UNCLEAR. SOME OF THE REDUCTION IN LUNG CANCER RISK COULD BE DUE TO OTHER LIFESTYLE FACTORS LIKE A BETTER DIET OR MORE EXERCISE.

"IF IT WASN'T FOR YOU TUBE, YOU NEVER WOULD HAVE CALLED US, YOU WOULD NEVER HAVE KNOWN THAT THIS WAS AN ISSUE" AND LAW ENFORCEMENT AGREES. THEY SAY AS THE VIDEOS HAVE GOTTEN MORE POPULAR AND WIDESPREAD, THE FEAR AMOUNG HOMEOWNERS IS GROWING. IN FACT, POLICE SAY WITH MOST BURGLARIES IT'S ACTUALLY THE HOMEOWNER THAT HAS MADE IT EASY ON THE THIEF BY LEAVING A WINDOW OPEN OR A DOOR UNLOCKED. SO BEFORE YOU GO AND SPEND MONEY ON A NEWER AND MORE EXPENSIVE LOCK, LAW ENFORCEMENT SAYS EVERYONE SHOULD KEEP THIS IN MIND. APPROXIMATELY 1.4 MILLION UNITED STATES SOLDIERS HAVE SERVED IN IRAQ OR AFGHANISTAN OVER THE PAST FEW YEARS. THOSE RETURNING FROM COMBAT DUTY ARE PARTICULARLY VULNERABLE TO THE AFTER- EFFECTS OF WAR, SUCH AS ANXIETY, DEPRESSION, AND POST-TRAUMATIC STRESS DISORDER. A NEW STUDY

FINDS THAT MIGRAINE HEADACHES IN VETERAN SOLDIERS MAY BE A FURTHER WARNING SIGNAL ABOUT POTENTIAL OTHER HEALTH PROBLEMS. DOCTORS ADMINISTERED A HEALTH SCREENING TO MORE THAN 3,600 UNITED STATES ARMY SOLDIERS SOON AFTER THEY RETURNED FROM COMBAT DUTY IN IRAQ. THEY FOUND THAT THOSE WHO SUFFERED FROM MIGRAINE HEADACHES WERE MUCH MORE LIKELY TO HAVE MENTAL HEALTH PROBLEMS. FULLY HALF OF SOLDIERS WITH MIGRAINES HAD DEPRESSION, COMPARED TO 27 PER CENT OF SOLDIERS WITHOUT MIGRAINES. VETERANS WHO HAD MIGRAINES WERE ALSO TWICE AS LIKELY AS OTHER SOLDIERS TO HAVE POST-TRAUMATIC STRESS DISORDER AND ANXIETY. SOLDIERS WITH MORE FREQUENT HEADACHES WERE ALSO MORE LIKELY TO REPORT THESE ADDITIONAL HEALTH CONCERNS. THE RESEARCHERS SAY THESE FINDINGS SHOULD ALERT DOCTORS TO PAY ATTENTION TO VETERANS' MIGRAINE HEADACHES AND MAKE SURE THESE SOLDIERS GET MENTAL HEALTH TREATMENT IF THEY NEED IT.

REALTOR MARCY GARBER IS SELF-EMPLOYED -- AND A CANCER SURVIVOR... FOR YEARS, SHE'S BOUGHT HER OWN HEALTH INSURANCE, AT A GROUP RATE -- BY BELONGING TO THE CALIFORNIA ASSOCIATION OF REALTORS. SO IMAGINE HER SHOCK WHEN HER CARRIER -- BLUE SHIELD OF CALIFORNIA -- CANCELED HER COVERAGE. I GOT A LETTER AND ON THE FRONT IT SAID, 'YOUR BLUE SHIELD INSURANCE IS CANCELED, EFFECTIVE, WHATEVER. SO IMMEDIATELY I THOUGHT I'D FORGOTTEN TO MAKE A PREMIUM PAYMENT. SHOCK THAT QUICKLY TURNED TO ANGER: I KNOW THE DAY I GOT THE CANCELLATION LETTER, I WENT ON THE BLUE SHIELD WEB SITE, AND THERE WAS AN ARTICLE ABOUT HOW MUCH MONEY BLUE SHIELD HAD MADE THAT YEAR. IT MADE ME SICK TO MY STOMACH. BLUE SHIELD SAYS THE REALTORS FAILED TO LIVE UP TO THEIR END OF A CONTRACT... WHICH REQUIRED THAT 75 PERCENT OF ITS MEMBERS WHO BUY INSURANCE... MUST BUY IT FROM BLUE SHIELD. THE FAULT LIES WITH THE CALIFORNIA REALTORS ASSOCIATION -- THEY ALLOWED THEIR GROUP TO GET SO SMALL AS TO VIOLATE THEIR CONTRACT. THEY ALSO HAD PLENTY OF TIME TO GET REPLACEMENT COVERAGE. WHAT'S SO BAD ABOUT A SMALL GROUP? IF THE YOUNGER, HEALTHIER REALTORS AREN'T IN IT... THE GROUP MIGHT NOT COVER ITS OWN COSTS -- WHICH IS THE WHOLE POINT OF GROUP INSURANCE. IF YOU DON'T HAVE THE HEALTHIER PEOPLE SUBSIDIZING THE PEOPLE WHO ARE LESS HEALTHY, YOU'RE GONNA END UP WITH VERY HIGH RATES ON THOSE WHO ARE LESS HEALTHY. THE REALTORS SUED, AND LOST -- THEY, AND MARCY, ARE CAUGHT IN A NATIONAL TREND: GROUP INSURANCE POLICIES OFFERED BY INDUSTRY ASSOCIATIONS ARE DISAPPEARING... BECAUSE THE YOUNGER MEMBERS OF THOSE GROUPS EITHER DON'T BUY INSURANCE, OR FIND IT CHEAPER SOMEWHERE ELSE. THERE IS NOW ONLY 24 PERCENT OF ASSOCIATIONS THAT ARE PROVIDING HEALTH INSURANCE TO THEIR MEMBERS. /// TWENTY YEARS AGO IT WOULD HAVE BEEN CLOSER TO 60 OR 70 PERCENT. MARCY GARBER HAS BEATEN BREAST CANCER TWICE... SHE KNOWS SHE'LL FIND INSURANCE SOMEWHERE, BUT SHE'S NOT SURE HOW MUCH IT WILL COST. I'M GOING TO HAVE TO DO WHATEVER I HAVE TO DO UNTIL I REACH THE MEDICARE AGE. AND I HAVEN'T FOUND THAT EXACT SOLUTION YET. I'M LOOKING EVERY DAY.

IN THE SPAN OF A WEEK, EIGHTEEN DOHERTY HIGH SCHOOL STUDENTS IN COLORADO SPRINGS REPORTED BECOMING SICK AFTER DRINKING AN ENERGY DRINK CALLED "SPIKE SHOOTER." GH: HOW SICK DID YOU GET? STUDENT: FELL OVER. SECOND STUDENT: I WENT TO THE HOSPITAL THIRD STUDENT: ACHING STOMACH. PRINCIPAL JILL MARTIN BECAME SO ALARMED, SHE BANNED THE DRINK ON CAMPUS AND CONVINCED THE NEARBY CONVENIENCE STORE TO PULL IT OFF THE SHELVES. "IF THIS PRODUCT IS SO POTENT THAT YOU HAVE TO READ THE INSTRUCTIONS AND CONSIDER WHETHER TO DRINK IT OR NOT, SOMETHING IS WRONG." THE LABEL WARNS: THOSE UNDER 18 AND ANYONE WITH HEALTH CONCERNS SHOULD NOT USE. DESPITE THE WARNING, 14-YEAR-OLD RACHEL WOODROW -- A DIABETIC -- DRANK ONE CAN AND STARTED SHAKING. TWO DAYS LATER, SHE WAS HOSPITALIZED FOR A SEIZURE. RACHEL'S PARENTS SAY DOCTORS TOLD THEM THE DRINK INCREASED HER METABOLISM AND MAY HAVE TRIGGERED THE SEIZURE. RACHEL ADMITS SHE DIDN'T READ THE LABEL. "I THOUGHT IT WOULD MAKE ME FEEL HYPER AND EVERYTHING, BUT I DIDN'T THINK I WOULD HAVE A SEIZURE." ANOTHER STUDENT WANTED TO "GET A LITTLE HYPER" BY DRINKING "SPIKE SHOOTER." INSTEAD... "MY STOMACH STARTED TO CRAMP UP. I HAD A HEADACHE AND I STARTED VOMITING." THE MANUFACTURER OF "SPIKE SHOOTER" CALLED THE COLORADO CASES "ISOLATED INCIDENTS" OF WHAT THEY CALL ABUSE -- OF MINORS DRINKING TOO MUCH "SPIKE"... AND SAID THEY'VE RECEIVED ZERO COMPLAINTS NATIONWIDE SINCE THEN. AND THEY ADDED... "... 'SPIKE' CONTINUES TO BE PROACTIVE IN WORKING WITH RETAILERS TO ENSURE THAT ALL ENERGY DRINKS, INCLUDING 'SPIKE,' ARE CONSUMED RESPONSIBLY." MOST ENERGY DRINKS CONTAIN SIGNIFICANT AMOUNTS OF CAFFEINE, ALTHOUGH SOME ENERGY DRINKS LIKE "RED BULL" HAVE EVEN LESS CAFFEINE THAN A CUP OF COFFEE. AN 8 OUNCE CUP OF COFFEE HAS ANYWHERE FROM 80-130 MILLIGRAMS OF CAFFEINE.. AN 8.3 OUNCE CAN OF RED BULL - 80 MILLIGRAMS AN 8.0 OUNCE CAN OF RED LINE - 250 MILLIGRAMS AND 8.4 OUNCE CAN OF SPIKE SHOOTER - 300 MG OF CAFFEINE I WANTED TO SEE WHAT WOULD HAPPEN IF I DRANK ONE CAN OF SPIKE SHOOTER, WHICH ALONG WITH CAFFEINE, HAS SUPPLEMENTS LIKE YOHIMBINE -- THOUGHT BY SOME TO ENHANCE SEXUAL PERFORMANCE. I DRINK A FEW CUPS OF COFFEE EVERY DAY. AND I HAVE A HEALTHY HEART HISTORY. A HEART DOCTOR HOOKED ME UP TO AN EKG AND MEASURED MY VITAL SIGNS BEFORE AND AFTER DRINKING SPIKE SHOOTER. BEFORE, NORMAL. 45 MINUTES LATER... MY BLOOD PRESSURE WENT UP SIGNIFICANTLY... AND THE DOCTOR ALSO NOTICED I DEVELOPED A SLIGHT IRREGULAR HEARTBEAT. "IN HEALTHY INDIVIDUALS, THEY MAY BE ABLE TO TOLERATE IT. BUT PEOPLE HAVE HEART DISEASE, IT'S NOT ADVISABLE." THE MANUFACTURER OF SPIKE SHOOTER DECLINED TO COMMENT ON OUR TEST. SOME DRINKS HAVE YOHIMBINE, GUARANA -- A NATURAL TYPE OF CAFFEINE -- TAURINE AND GINSENG -- JUST A FEW OF THE HERBAL SUPPLEMENTS NOT REGULATED BY THE FDA. "WE DON'T KNOW THE EFFECTS OF THESE ON THE BODY." NUTRITIONIST MOLLY MORGAN WANTS MORE RESEARCH ON THE EFFECTS OF THESE INGREDIENTS. "THERE'S LITTLE TO NO INFORMATION ABOUT WHAT'S THE THRESHOLD. HOW MUCH IS TOO MUCH?" AND ONE THING TO POINT OUT: THERE ARE NO LAWS LIKE THEY HAD WITH TOBACCO AND ALCOHOL THAT STOP UNDERAGE KIDS FROM BUYING THESE ENERGY DRINKS..

INSULIN IS A COMMON FACTOR IN BOTH TYPES OF DIABETES BUT IN ONE CASE THE BODY DOESN'T USE IT PROPERLY AND IN ANOTHER IT DOESN'T PRODUCE IT PROPERLY... TYPE 1 DIABETES REFERS TO ABSOLUTE INSULIN DEFICIENCY FROM THE CELLS OF THE PANCREAS. TYPE 2 DIABETES MEANS THE GLUCOSE IS ELEVATED BUT THE PANCREAS STILL MAKES INSULIN BUT NOT ENOUGH INSULIN TO CONTROL GLUCOSE TO NORMAL. DOCTOR BRUCE BODE CLAIMS BOTH TYPES ARE ON THE RISE IN THE U.S. OBESITY IS ON THE RISE, SO TYPE 2 CLEARLY IS ON THE RISE, ITS CORRELATED WITH OBESITY, BUT TYPE 1 IS ALSO ON THE RISE BECAUSE AUTOIMMUNE DISEASE IN OUR COUNTRY, OR IN THE WORLD, IS ON THE RISE. TYPE 1 USED TO BE CALLED JUVENILE DIABETES. EXPERTS NOW BELIEVE IT CAN OCCUR AT ANY TIME AND DEVELOPS WHEN THE IMMUNE SYSTEM DESTROYS INSULIN-MAKING CELLS. ONCE YOU GET TYPE 1 DIABETES YOU BECOME DEPENDENT ON INSULIN FOR THE REST OF YOUR LIFE, UNTIL A CURE IS FOUND. NOT ALL TYPE 2 PATIENTS REQUIRE INSULIN...THERE ARE NINE CLASSES OF DRUGS USED IN TREATMENT. FAMILY HISTORY, AGE AND RACE ALONG WITH BEING OVERWEIGHT, INCREASE RISK FOR TYPE 2 DIABETES.

CERVICAL CANCER IS THE SECOND MOST COMMON CAUSE OF CANCER DEATH AMONG WOMEN WORLDWIDE. LAST YEAR, THE UNITED STATES FOOD AND DRUG ADMINISTRATION APPROVED GARDASIL , THE FIRST VACCINE DESIGNED TO PREVENT CERVICAL CANCER. GARDASIL WORKS BY PREVENTING INFECTION FROM 4 FORMS OF HUMAN PAPILLOMA VIRUS , OR HPV. TWO OF THESE HPV TYPES ARE RESPONSIBLE FOR ABOUT 70 PER CENT OF ALL CERVICAL CANCERS. LONG-TERM RESULTS OF WOMEN VACCINATED WITH GARDASIL PROVIDE STRENGTHENING EVIDENCE THAT THE VACCINE IS BOTH SAFE AND EFFECTIVE. RESEARCHERS HAVE BEEN FOLLOWING MORE THAN 12,000 WOMEN FOR 3 YEARS, SOME OF WHOM RECEIVED GARDASIL AND SOME OF WHOM RECEIVED A PLACBEO SHOT. THE STUDY FOUND THAT GARDASIL WAS NEARLY 100 PER CENT EFFECTIVE IN PREVENTING PRE-CANCEROUS CERVICAL LESIONS. BECAUSE FULL CERVICAL CANCER TAKES MANY YEARS TO DEVELOP, MORE STUDY IS NEEDED TO SEE IF GARDASIL'S SUCCESS CAN HOLD UP.

WALK DOWN A CITY STREET THESE DAYS AND YOU'RE BOUND TO SEE DOZENS OF PEOPLE WITH AN APPLE IPOD - THE MOST POPULAR DIGITAL MUSIC PLAYER AROUND. BUT FOR THOSE WITH A HEART PACEMAKER, THE IPOD MAY CAUSE RHYTHMIC HAVOC. THE RESEARCHERS -- WHOSE LEAD AUTHOR WAS THE TEEN-AGED SON OF TWO DOCTORS -- TESTED 83 PEOPLE WITH PACEMAKERS. AFTER SCIENTISTS PLACED AN IPOD TWO INCHES FROM THE PATIENT'S CHEST FOR FIVE TO 10 SECONDS, HALF THE PEOPLE TESTED EXPERIENCED INTEREFERENCE WITH THEIR PACEMAKERS. THE ELECTRICAL IMPULSE FROM THE PORTABLE MUSIC PLAYER CAUSED FAULTY READINGS IN THE PACEMAKER, MEANING IT WAS UNABLE TO DETECT THE HEART'S TRUE RHYTHM. IN ONE PATIENT, THE PACEMAKER STOPPED WORKING ALTOGETHER IN THE PRESENCE OF THE IPOD. THE STUDY DID NOT TEST OTHER PORTABLE MUSIC PLAYERS, BUT IT'S POSSIBLE THEY WOULD HAVE THE SAME EFFECT BECAUSE MANY ELECTRICAL DEVICES CAN INTERFERE WITH PACEMAKERS. CELLPHONES, HAIR DRYERS, HEATING PADS AND EVEN ELECTRIC TOOTHBRUSHES HAVE BEEN KNOWN TO DISRUPT PACEMAKER FUNCTION. FOR PEOPLE STRUGGLING WITH A CHRONIC ILLNESS, IT'S NATURAL TO BE CONCERNED ABOUT HEALTH PROBLEMS. BUT CAN ALL THAT WORRY ACTUALLY MAKE YOUR SICKNESS WORSE? RESEARCHERS INVESTIGATED THIS QUESTION BY FOLLOWING MORE THAN 500 PEOPLE WITH HEART DISEASE OVER A 3 YEAR PERIOD. THEY FOUND THAT PEOPLE WHOSE ANXIETY INCREASED FROM YEAR-TO-YEAR WERE MORE LIKELY TO SUFFER A HEART ATTACK OR DIE COMPARED TO PEOPLE WHO DIDN'T HAVE INCREASED WORRY. ON AVERAGE, THE PEOPLE WITH THE MOST ANXIETY HAD DOUBLE THE RISK OF THOSE WITH THE LOWEST ANXIETY LEVELS. RESEARCHERS SAY THAT THE STRESS FROM CONSTANT WORRY MAY CAUSE BIOLOGICAL CHANGES THAT INCREASE THE ODDS OF SERIOUS HEART PROBLEMS. HOWEVER, IT'S ALSO POSSIBLE THAT SICKER PEOPLE SIMPLY HAVE MORE TO WORRY ABOUT - MORE RESEARCH IS NEEDED ON THE COMPLEX RELATIONSHIP BETWEEN ANXIETY AND HEART DISEASE. IN THE MEANTIME, EXPERTS SAY THAT PEOPLE LIVING WITH CHRONIC HEALTH PROBLEMS SHOULD TAKE STEPS TO REDUCE STRESS AS

MUCH AS POSSIBLE BY EATING RIGHT, GETTING ENOUGH EXERCISE AND SLEEP, AND KNOWING WHEN TO ASK FRIENDS AND FAMILY FOR THEIR HELP.

MORE THAN 1 MILLION AMERICANS ARE LIVING WITH PARKINSON'S DISEASE, A NEUROLOGICAL DISORDER THAT CAUSES DIFFICULTY CONTROLLING MOVEMENT. PARKINSON'S DISEASE IS TRIGGERED BY DEGENERATION OF KEY BRAIN CELLS THAT PRODUCE A CHEMICAL CALLED DOPAMINE. MOST TREATMENTS INVOLVE REPLACING DOPAMINE IN THE BRAIN, OFTEN THROUGH PILLS. BUT THE U.S. FOOD AND DRUG ADMINISTRATION HAS JUST APPROVED A NEW PATCH TREATMENT FOR PARKINSON'S PATIENTS. THE PATCH, CALLED NEUPRO ("NEW-PRO"), CONTAINS THE SAME TYPE OF MEDICATIONS THAT THE PILLS DO - DRUGS THAT BOOST THE CONCENTRATION OF DOPAMINE IN THE BRAIN. BUT, UNLIKE THE PILLS, NEUPRO IS DESIGNED TO DELIVER A CONTINUOUS STREAM OF MEDICATION TO THE BODY SO THAT THE DRUG DOESN'T WEAR OFF DURING THE DAY. SIDE EFFECTS OF NEUPRO INCLUDE ALLERGIC SKIN REACTIONS, DIZZINESS, NAUSEA AND SLEEPINESS - SIMILAR TO THE SIDE EFFECTS FROM PILLS USED TO TREAT PARKINSON'S. NEUPRO HAS BEEN ON THE MARKET IN EUROPE SINCE 2006, AND SHOULD BE AVAILABLE TO AMERICAN PARKINSON'S SUFFERERS WITHIN THE NEXT FEW WEEKS.

THE MOST PROMISING THING ABOUT THIS DRUG-- AT LEAST TO DATE-- IN EXPERIMENTAL ANIMALS IT SHOWS A DRAMATIC EFFECT ON WEIGHT LOSS. THE

COMPOUND WORKS INSIDE THE BRAIN -- TARGETING RECEPTORS THAT CONTROL APPETITE. SCIENTISTS ARE FINDING ANIMALS ON THE COMPOUND EAT LESS. THAT'S PRECISELY WHAT WE'RE SEEING, THE ANIMALS ARE LESS HUNGRY OVERALL. THEY HAVE BECOME SATIATED MUCH EASIER WHEN THEY'RE ON THIS DRUG. RIGHT NOW- IT'S PHASE ONE OF HUMAN CLINICAL TRIALS. DR. STEPHEN UDEN-- HEAD OF RESEARCH AND DEVELOPMENT-- POINTS OUT, THIS IS JUST THE BEGINNING. THE MAIN THING TO STRESS-- THIS IS AN EXPERIMENTAL COMPOUND, WE'RE OBVIOUSLY VERY EXCITED ABOUT IT. ALL THE INDICATIONS ARE GOOD BUT AT THIS STAGE IT'S A CASE OF SLOW AND STEADY SLOW AND STEADY BECAUSE-- HISTORY HAS BEEN HARSH. HEART ISSUES PLAGUED PEOPLE TAKING FEN-PHEN-- NEUROGEN DOESN'T WANT TO MAKE THE SAME MISTAKE. THAT'S WHY THIS SCIENTIST'S MAIN TASK IS TO TEST THE DRUG'S EFFECT ON THE HEART'S RHYTHM. WE DON'T WANT TO PUT HUMANS AT RISK WITH ANY POTENTIAL DRUG TREATMENT. SO WE TAKE THE SAFETY CONSIDERATIONS AND TESTS VERY SERIOUSLY. QUITE FRANKLY IF WE DON'T DO IT RIGHT, WE'RE DEALING WITH LIFE OR DEATH SITUATIONS ANYTHING COULD BE A TOOL IN HELPING PEOPLE MANAGE THEIR WEIGHT, BUT IT'S STILL ABOUT THE BALANCE BETWEEN ACTIVITY LEVEL AND FOOD INTAKE. NUTRITIONIST TERESA DOTSON TAKES THE NEWS WITH A HEALTHY DOSE OF SKEPTICISM. AND YOU MIGHT BE SURPRISED TO LEARN SCIENTISTS AGREE. IT'S LESS ABOUT BEING A WONDER DRUG-- THAN IT IS ABOUT WONDERING WHERE THIS MIGHT LEAD. WE ALWAYS LIKE OT BE A LITTLE CAUTIOUS AT THIS STAGE. THE DRUG'S BEEN TESTED FOR THE FIRST TIME IN HUMANS. THERE ARE A LOT OF STEPS ON THE WAY.

SMOKING IS THE MOST COMMON AND MOST PREVENTABLE CAUSE OF CARDIOVASCULAR DISEASE. UP TO ONE FIFTH OF ALL DEATHS FROM HEART DISEASE ARE DIRECTLY CAUSED BY TOBACCO SMOKE. AS WORD HAS SPREAD ABOUT THE HEALTH DANGERS OF SMOKING, MANY TOBACCO COMPANIES HAVE CREATED "LIGHT" OR "LOW TAR" CIGARETTES WHOSE NAME SUGGESTS THEY MIGHT BE A HEALTHIER OPTION FOR SMOKERS. BUT FEW TESTS HAVE ACTUALLY MEASURED WHETHER LIGHT CIGARETTES ARE EASIER ON THE HEART. IN A NEW STUDY, RESEARCHERS COMPARED THE EFFECTS OF DIFFERENT TYPES OF CIGARETTES IN YOUNG, HEALTHY ADULTS. SOME HAD SMOKED LOW TAR CIGARETTES FOR YEARS, OTHERS SMOKED REGULAR CIGARETTES, AND SOME HAD NEVER SMOKED AT ALL. THE TEST RESULTS SHOWED THAT BLOOD PRESSURE AND HEART RATE BOTH CLIMBED AFTER SMOKING EITHER TYPE OF CIGARETTE. LIGHT AND REGULAR CIGARETTES ALSO RESTRICTED BLOOD FLOW IN THE HEART ARTERIES TO THE SAME DEGREE. THE AUTHORS CONCLUDE THAT LOW TAR CIGARETTES ARE JUST AS DANGEROUS TO THE HEART AS TRADITIONAL CIGARETTES, AND SMOKERS SHOULD NOT THINK THEY ARE GETTING ANY HEALTH BENEFIT BY SWITCHING.

NEW RESEARCH PRESENTED THIS WEEK AT THE AMERICAN UROLOGICAL ASSOCIATION MEETING SUGGESTS THAT THE CHOLESTEROL-LOWERING DRUGS CALLED STATINS MAY REDUCE MEN'S RISK OF PROSTATE CANCER. THE POPULATION OF PEOPLE 85 AND OLDER IS ONE OF THE FASTEST GROWING GROUPS IN THE UNITED STATES. WITH DEMENTIA SO COMMON AMONG THE ELDERLY, DOCTORS ARE SEEKING NEW WAYS TO HELP SENIORS REDUCE THEIR RISK. A NEW STUDY FROM ITALY PROVIDES A TANTALIZING SUGGESTION THAT DRINKING ALCOHOL COULD PROVIDE SOME BENEFIT. RESEARCHERS FOLLOWED 121 OLDER ADULTS WHO HAD EARLY SIGNS OF MEMORY PROBLEMS IN THE FORM OF MILD COGNITIVE IMPAIRMENT OR MCI. AROUND 20 PER CENT OF PEOPLE WITH MCI DEVELOP ALZHEIMER'S DISEASE EACH YEAR, MAKING THESE PEOPLE AT VERY HIGH RISK FOR DEMENTIA. BUT IN THE STUDY, DOCTORS FOUND THAT THOSE WHO DRANK UP TO 1 GLASS OF ALCOHOL A DAY, MOSTLY WINE, WERE MUCH LESS LIKELY TO HAVE THEIR MEMORY PROBLEMS WORSEN. WINE DRINKERS DEVELOPED DEMENTIA AT AN 85 PER CENT SLOWER RATE COMPARED TO THOSE WHO DIDN'T DRINK AT ALL. EXPERTS SAY IT'S POSSIBLE THAT DRINKING WINE IMPROVES BLOOD CIRCULATION, HELPING TO KEEP A PERSON'S MEMORY STABLE. BUT THE KEY IS MODERATION: DRINKING MORE THAN ONE GLASS OF ALCOHOL PER DAY DID NOT SLOW THE PROGRESS OF DEMENTIA.

THERE ARE NOW MORE THAN 5 MILLION PEOPLE IN THE UNITED STATES LIVING WITH ALZHEIMER'S DISEASE. STUDIES OF PEOPLE WHO HAVE DIED FROM ALZHEIMER'S

DIEASE HAVE REVEALED MANY SIGNS OF INFLAMMATION IN THEIR BRAINS. TO SEE WHETHER THERE MIGHT BE A LINK BETWEEN BLOOD MARKERS OF INFLAMMATION AND AN INCREASED RISK FOR ALZHEIMER'S DISEASE, RESEARCHERS CONDUCTED A NEW STUDY FOLLOWING 290 OLDER PEOPLE. AT THE START OF THE STUDY, NONE OF THE PARTICIPANTS HAD SIGNS OF DEMENTIA, AND ALL UNDERWENT BLOOD TESTS TO LOOK FOR MARKERS OF INFLAMMATION. RESEARCHERS FOUND THAT, OVER THE COURSE OF THE NEXT FIVE YEARS, PEOPLE WITH THE HIGHEST LEVELS OF INFLAMMATION WERE TWICE AS LIKELY TO BE DIAGNOSED WITH ALZHEIMER'S DISEASE. EXPERTS SAY THAT IT'S TOO SOON TO KNOW EXACTLY IF OR HOW INFLAMMATION DIRECTLY CONTRIBUTES TO DEMENTIA RISK. THE ONE STUDY DONE SO FAR SUGGESTS THAT PAINKILLERS THAT REDUCE GENERAL INFLAMMATION IN THE BODY DO NOT REDUCE THE RISK FOR ALZHEIMER'S DISEASE. MORE RESEARCH IS UNDERWAY NOW TO EXAMINE WHETHER REDUCING SPECIFIC INFLAMMATORY PROTEINS IN THE BODY MIGHT LOWER THE ODDS OF DEVELOPING ALZHEIMER'S
